

Milestone 1

Login into Developer edition

The screenshot shows a Salesforce user profile for Harshitha Tumbali in Developer Edition. The profile includes a header with the Salesforce logo, a search bar, and navigation links. The main section features a profile picture, name, and a bio. Below this is a 'Details' section with fields for Name, Title, Email, Manager, Company Name, and Phone. A 'Related' section on the right shows 'Groups (0)' and 'Files (1)'. The background of the profile card features a stylized landscape with mountains and a hot air balloon.

Milestone 2

Object and field creation

AI Summary field:

The screenshot shows the Salesforce Setup page in Developer Edition, specifically the 'Fields & Relationships' section for the 'Lead' object. The page includes a sidebar with navigation links and a main content area with a table of fields. The table has columns for Field Label, Field Name, Data Type, Controlling Field, and Indexed. The 'AI Summary' field is highlighted.

Developer Edition

Setup Home **Object Manager**

SETUP > OBJECT MANAGER

Lead

Fields & Relationships
31+ Items, Sorted by Field Label

FIELD LABEL	FIELD NAME	DATA TYPE	CONTROLLING FIELD	INDEXED
Address	Address	Address		
AI Summary	AI_Summary__c	Long Text Area(32768)		
Annual Revenue	AnnualRevenue	Currency(18, 0)

Milestone 10

Prompt Template:

The screenshot shows the Salesforce Prompt Builder interface in Developer Edition. The top navigation bar includes a search bar and various utility icons. The main header displays the current project as "AI Summary Field Generation Field" and "Version 1 (Active)". The interface is divided into three main sections: "Template Details", "Prompt", and "Generated Response".

Template Details: This section on the left contains a sidebar with "Properties", "Resources", and "References". Under "Properties", there are sections for "Overview", "Model" (with a dropdown for "Standard" and "Models" for "GPT 5 Mini"), "Limits", "File Exclusion Priority", and "Format".

Prompt: The central area shows a list of input fields: "InputLead.FirstName", "InputLead.LastName", "InputLead.Company", "InputLead.Email", "InputLead.Phone", "InputLead.LeadSource", "InputLead.Status", and "InputLead.Description". Below these fields is a text prompt: "Generate a detailed summary of this Lead using the selected fields. Explain the Lead's background, company information, contact details, status, source, and any key notes clearly. Summarize relevant details such as the current engagement stage, potential interest level, communication history, and any important remarks. Provide the summary in a clean, structured, and easy-to-understand format."

Generated Response: This section on the right is currently empty, showing only the headers "Received Prompt" and "Generated Response".

Deploying prompt builder:

The screenshot shows the Salesforce Lightning App Builder interface in Developer Edition. The top navigation bar includes a search bar and various utility icons. The main header displays the current project as "Lead Record Page".

Components: The left sidebar shows a list of components under the "Standard (71)" category, including "Accordion", "Action Launcher", "Actions & Recommendations", "Activities", "AI Content Summarizer", "AI Relationship Research", "Approval Trace", "Brand Center Home Page", "Brand Center Landing Page", "Brand Kit Component", "Chatter", and "Chatter Feed".

Fields: The central area shows a list of fields under the "Address Information" section, including "Address", "Product Interest", "Product Interest", "SIC Code", "SIC Code", "Number of Locations", "Number of Locations", "System Information", "Created By", "Last Modified By", "Last Modified By", and "Description Information".

Page > AI Summary: The right sidebar shows the configuration for the "AI Summary" page. It includes a section for "Object Lead" with "API Name AI_Summary_c". Under "UI Behavior", the "None" option is selected. The "Einstein Generative AI" section shows the "Prompt Template" set to "AI Summary Field Generation Field". Below this, there is a note: "This tool uses generative AI. Check the response for accuracy and safety before using. Learn More". The "Conditional Formatting" section is also visible, with a search bar for "Select a ruleset...".

Testing:

The screenshot shows the Salesforce Lightning Usage App interface. The top navigation bar includes the "Developer Edition" label, a search bar, and various utility icons. The main content area displays the lead record for "Mr. ganesh Tumbali". The "System Information" section shows the lead was created by Harshitha Tumbali on 7/9/2026 at 3:06 AM and last modified by her at 3:33 AM. The "Description Information" section contains a description field and an "AI Summary" field. The "AI Summary" field displays a generated summary: "Thank you for your time. I have prepared a concise lead summary based on the provided fields." To the right, the "Einstein - AI Summary Field" panel is open, showing a list of steps for contacting the lead, data quality and risks, and a button to "Add to Field".

Description Information

Description

AI Summary

Thank you for your time. I have prepared a concise lead summary based on the provided fields.

Einstein - AI Summary Field

1. Contact the lead by email with a brief, professional introduction and purpose of outreach. Request confirmation of role and interest areas.
2. Follow up by phone if no email response within 3 business days. Log call attempts and outcomes.
3. Update lead source and description fields based on the lead's responses.
4. Qualify lead by asking about needs, timeline, budget, and decision-makers. Assign a next-stage status after qualification.

Data quality and risks.

- Missing data. Lead source, description, role, and company-specific details are missing.
- Risk. Low readiness to engage until initial contact confirms interest and authority.

If you want, I will draft an initial outreach email or phone script to use for first contact.
